18. [ ] In connection with this afternoon's session of the House Select Committee, Paul Ahern, in the office of Representative Robert McClory (R., Ill.), called and based on information supplied by [ ] OGC, that the Harrington suit relating to covert action, the Government had filed a motion to dismiss and after a number of extensions, the plaintiffs, on 7 May 1975, filed a memorandum of law in opposition but that Judge Pratt had not yet set a hearing date. Mike Cavanagh, Staff Assistant, House Post Office and Civil Service Subcommittee on Postal Facilities, Mail, and Labor Management, called on behalf of Chairman Charles H. Wilson (D., Calif.) and requested that the Director or a designated representative appear on the morning of 24 June 1975 to discuss the Agency's mail intercept program. The FBI will be testifying on the same day. This requested was tentatively made several weeks ago and the hearings are being held as a result of the allegations in the press and the comments by the Director before Chairman Bella S. Abzug's (D., N. Y.) Subcommittee on Government Information and Individual Rights, House Government Operations Committee. William Cotter, Chief Postal Inspector, testified several weeks ago and raised several questions. The Subcommittee will inquire as to the history of the Agency's relations with the post office and the details of the mail intercept project. I questioned Boos as to his taking of notes and he made it clear this was part of the understanding with the Agency.
